## The Telephone Connection

# Doctors' Voice Messaging Service

w/ Live Operator Backup

Join the thousands of Doctors who have discovered the benefits of  
**THE TELEPHONE CONNECTION**

**DEMO: 1-800-94-DOCTOR**

*"The move to The Telephone Connection is one of the most efficient and successful changes that we have implemented in our office. The system is infallible. I have no hesitation in highly recommending this service to other physicians."*

**~ Dr. Ivor Geft, Cardiology**

*"The Telephone Connection is an absolutely reliable service. We never miss a page. The patients and referring physicians really like the service. There aren't 27 buttons to press to reach the Doctor on call, just 1 number and the Doctor on-call gets the message. I would definitely recommend this to any of my colleagues."*

**~ Dr. Richard F. Corlin, Gastroenterology**

*"I've been using the Doctors' Service from The Telephone Connection for over 8 years. With this service I can hear the message with no changes or mistakes. Messages are accurate and the service is great. I was able to configure a system to meet my special needs. The ease of changing the message allows me the flexibility in mixing my professional and personal life."*

**~ Dr. Ellie Goldstein, Infectious Disease**

*"I am delighted with the service offered through The Telephone Connection. My emergency pages are delivered promptly. The non-emergency calls are delivered without the risk of error (in either call back number or content) on the part of an intercepting operator. The forwarding function works flawlessly; the ability to sign out to one of my partners takes only a few seconds to accomplish and works flawlessly as well. The live operator back up service, which catches unanswered messages is greatly appreciated. Whenever a problem with the phone company occurred, The Telephone Connection has been immediately on top of it."*

**~ Dr. Avrum Bluming, Oncology**

*"I have been with The Telephone Connection for the past 10 years. As a physician I need an answering service that is professionally run and has excellent backup support. Should I fail to respond to a page within 1 hour, The Telephone Connection's live back up operator finds me, or one of my associates. I have no hesitation in recommending this service."*

**~ Dr. Ron Nagel, Pediatrics**

# STOP PAYING HIGH ANSWERING SERVICE PRICES Doctors' Voice Message Service\*

When a Patient Calls:

"Hello, this is Doctor Roberts. If your call is an emergency, please press 1; if your call is not an emergency, please press 2."

Billed Quarterly. Installation: \$40  
Optional Message Delivery: 30¢/call  
Optional Cross Connection Service: 45¢/call

# How Cross-Connect Works

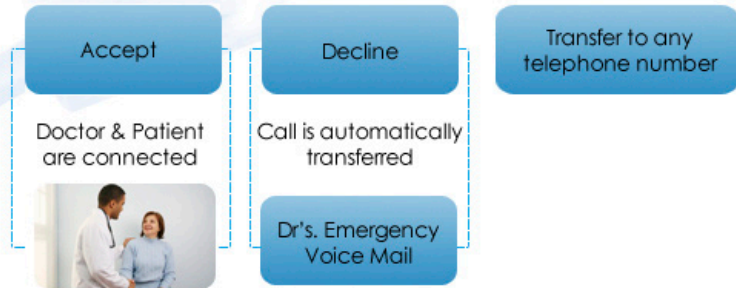

Patient leaves a  
message. Patient is  
put on hold

The system will place the caller on hold and attempt to reach you. After hearing their message, you decide whether to accept the call, decline the call or have the caller sent to your voice mailbox.
